CYBERSECURITY FOR CREDIT UNIONS

Blackswan Cybersecurity, in Partnership with Cornerstone Resources, Provides Affordable, Effective Safeguards to Fortify Your Institution's Security Posture

OVERVIEW

Blackswan Cybersecurity, in partnership with Cornerstone Resources, provides customized programs for your Credit Union, with the right resources, knowledgebase, and skillsets necessary to establish solid cyber hygiene, protect against cybersecurity threats, and fulfill regulatory & contractual cybersecurity monitoring requirements, while being budget conscious.

MONITORING/DETECTION/RESPONSE (MDR/XDR)

Blackswan's MDR/XDR is a scalable managed security service capable of monitoring your entire technology environment 24 hours a day. We work with your team to fill in capability, bandwidth, and resource gaps.

- 24/7/365 Staffed Security Operations Center (SOC)
- Eyes-on-Glass Expert Monitoring, Detection, and Response
- Breach Response and Forensics Support
- Compliance Adherence (NCUA, PCI, SOX, SOC, ISO, CMMC, NIST)
- Vulnerability Management
- Data Recovery and Investigative Support

OUR PEOPLE MAKE THE DIFFERENCE.
