

BLACKSWAN CYBERSECURITY

Full Lifecycle, Fit-for-Purpose Cybersecurity Solutions

RAPID INCIDENT RESPONSE

Response time during a security breach is critical. Blackswan's tech-agnostic security solutions and 24x7x365 Cyber Fusion Center enable rapid response to minimize damage to both your bottom line and reputation.

- Proactive Incident Response Planning
- Immediate Incident Response Execution
- Digital Forensics & Data Recovery
- Litigation Support & Expert Witness Testimony
- Remediation & Mitigation Protocol
- Employee Training & Education
- Tabletop Exercises – Review & Rehearse Incident Response Procedures
- 24hr *Eyes-on-Glass* Texas-Based Cyber Fusion Center

Blackswan Cybersecurity was named to MSSP Alert's *Top 250 MSSPs* list for 2022 and is the recipient of multiple awards, including *Regional MSSP of the Year* by four-time Gartner® Magic Quadrant™ recipient, Securonix, and *Most Outstanding Partner* by Stellar Cyber, a three-time Global InfoSec Award winner.

CYBER FUSION CENTER – *The SOC Evolved*

Blackswan Cybersecurity is a Top 250 Managed Security Services Provider (MSSP) with an in-house multifunctional SOC – the North Texas Cyber Fusion Center (CFC). We provide around-the-clock access to dedicated Security Engineers and Cyber Leaders for 24x7x365 tech-agnostic threat monitoring, detection, and response.

BLACKSWAN CYBERSECURITY

Full Lifecycle, Fit-for-Purpose Cybersecurity Solutions

EXTENDED MONITORING/DETECTION/RESPONSE (XDR/MDR)

Blackswan's security experts and 24x7x365 Cyber Fusion Center enable rapid response to minimize damage to both your bottom line and reputation. We work with your team to fill in capability, bandwidth, and resource gaps.

- 24/7/365 Staffed Security Operations Center (SOC)
- Eyes-on-Glass Expert Monitoring, Detection, and Response
- Breach Response and Forensics Support
- Compliance Adherence (NCUA, PCI, SOX, SOC, ISO, CMMC, NIST)
- Vulnerability Management
- Data Recovery and Investigative Support
- Threat Intelligence

Blackswan Cybersecurity strives to democratize enterprise-level security services, offering the same level of skills, capabilities, and protection against data breaches for organizations of all sizes.

We identify the right safeguards for protecting your data assets and help you outperform cybersecurity compliance requirements by offering customizable, comprehensive suite of skills, capabilities, and services.

PREPARE

Identify your cyber risks, what needs to be protected, what safeguards are already in place and additional safeguards that should be considered to mitigate risks & threats.

COMPLY

Ensure the necessary regulatory requirements are being met while maintaining your information's integrity, confidentiality and availability.

MONITOR & DETECT

Maintain an effective security program by maintaining awareness and being vigilant with security, compliance and contractual requirements.

RESPOND

Limit the damage and reduce recovery time and costs.

It's not a matter of IF but WHEN.

OUR PEOPLE MAKE THE DIFFERENCE.
